

STAY COOL, CALM, & COVERED

The PergoFlex Retractable Patio System is the perfect way to bring the outdoors in. In your own backyard or at your favorite restaurant, the PergoFlex can protect you from the weather in an instant.

Constructed with durable, Americanmade materials, the PergoFlex is fully customizable allowing for a unique look and user flexibility to let your guests enjoy more!

Durable, All-Weather Protection. Stay Cool, Calm and Covered!

- Durable - High quality, aluminum construction provides stability in most weather conditions
- All-Weather Protection - Designed to protect you, your guests, and your outdoor space from the elements
- Integrates With Other Products - Integrates with our retractable windows and doors, screens, and wind barriers for added protection
- Rain-Proof - Uniquely designed rain gutter system diverts the rain away from your activities
- Customizable - 18 different fabric options and LED lighting features to create your ideal ambiance
- Functional - The retractable roof utilizes an easy operating, efficient motorized system

Flex With the Weather Stay Cool, Calm, & Covered!

The fully-customizable PergoFlex Retractable Roof System is designed to transform your outdoor space into a functional venue that you and your guests can enjoy throughout the year. Make this your favorite room in the house by choosing your size, fabric and frame colors, and integration options that meet your needs.

Integration Options. Stay Cool, Calm and Covered!

The weather can be unpredictable...The PergoFlex Roof Systems are fully customizable allowing for a unique look and user flexibility to let your guests enjoy more of the outdoors! Our integration options are perfect for restaurants, outdoor cafes, hotels, concessions, lounge areas and backyard patios. Choose from a selection of retractable wind barriers, insect screens, and vinyl curtains.

Roof Open

While retracted, the roof allows full enjoyment of the outdoors. Bask in the sun or gaze at that starry, starry, night sky!

Roof Closed

With the roof closed your guests can comfortably lounge protected from the heat of the sun or the occasional rain shower.

PanoraKinetic

Some days the wind can be a nuisance. The PanoraKinetic system retracts vertically, providing additional protection.

PanoramaUltra

PanoramaUltra retractable screens/shades are there when you need them and hidden when you don't. They can also add a level of privacy.

Retractable Vinyl

Get the most out of your patio. The perfect way to deal with those intermittent chilly days are PanoramaUltra retractable vinyl curtains.

Combo

Pair the PanoramaUltra Vinyl with Screen/Shades or Panora Kinetic Wind Barriers.

PergoFlex Retractable Patio System

Frequently Asked Questions

The fully-customizable PergoFlex Retractable Roof System is designed to transform your outdoor space into a functional venue that you and your guests can enjoy throughout the year. Make this your favorite room in the house by choosing your size, fabric and frame colors, and integration options that meet your needs.

Can I install the PergoFlex system myself?

Each installation is as unique as your facility. Only a professional installation by a trained and certified installer can ensure the exact level of quality our customers deserve.

What's included in the PergoFlex system warranty?

Our warranty covers all working and moving parts on the retractable awning and optional screen from defects in material and workmanship, applying only to the original purchaser. It does not cover the screen material itself, or damage due to misuse, abuse, or acts of God beyond the control of Stoett Industries, Inc. or our representatives. See our complete written warranty for all details.

Where can I find the price list for your products?

Each system is custom sized to fit your patio. Please contact a Stoett representative for more information.
